ALUMINI TALK FOR II B.TECH CIC STUDENTS

The Department of CSE-IoT&CS Incl.BCT organized an Alumni Talk for 2nd Year CSE-IoT&CS Incl.BCT students on 06-10-2025. The session was delivered by Mr. Sk. Ahmed, a proud alumnus from the 2020–24 batch, who is currently serving as the Project Engineer at C-DAC, Hyderabad. Mr. Sk. Ahmed shared his valuable thoughts on the Blockchain Technology (BCT) course and the project experiences he gained during the program.

He highlighted projects on Block chain-based land registrations and PMBI medical supply chain, which showcased real-world applications of BCT and he emphasized that these projects were not just academic exercises but industry-relevant case studies, helping him and his peers understand how block chain can solve pressing societal and business challenges.

The session was highly interactive and motivational, bridging the gap between academics and industry. The department extended heartfelt thanks to Mr. Sk. Ahmed for sharing his experience and inspiring the students.
